

THE BEACON FARMS GOLF INVITATIONAL 2026

Sponsorship Deck

The 2026 Golf Invitational **WELCOMES YOU**

DATE

**24 April
2026**

LOCATION

**North Sound
Golf Club**

TIME

12 Noon

Join us at The Beacon Farms Invitational – an exclusive corporate golf tournament blending high-level networking with meaningful community impact. This professionally organized event offers your brand a premium opportunity to connect with business leaders, showcase corporate social responsibility, and support Beacon Farms, a nonprofit dedicated to supporting Caymanians in recovery and advancing sustainable agriculture in the Cayman Islands.

Beacon Farms is partnering with a leading local marketing firm to ensure the tournament is professionally executed with exceptional event management, media exposure, and branding opportunities for all sponsors.

Align your company with purpose and performance, all while enjoying a memorable day on the green.

About **BEACON FARMS**

Beacon Farms is a nonprofit agricultural enterprise in North Side, Grand Cayman. We support Caymanians recovering from substance abuse through employment and vocational training in sustainable farming.

The 34-acre farm grows over 25 crop varieties and operates a small manufacturing unit for coconut products, a composting programme, and offers land improvement services to other farmers. Our innovative techniques and educational programs foster recovery, advance agricultural literacy and boost food security.

We aim to be self-sustaining by 2029. Your sponsorship helps us bridge the gap and supports a healthier, more self-reliant Cayman Islands.

SPONSORSHIP

Overview

The Beacon Farms Invitational offers a strategic opportunity for your company to gain high-value exposure, engage clients, and demonstrate a clear commitment to community development.

All sponsors receive event visibility, recognition, and contribute to meaningful community impact.

WHY SPONSOR?

Your sponsorship helps change lives through recovery and agricultural literacy. Contributions directly support job creation, agricultural innovation, and training programs that empower lives and strengthen the local food economy.
